EALTH.—BAILEY'S CHEMICAL
COMPOUND FLUID EXTRACT OF
SARSAPARILLA, for purifying the blood, and
removing all diseases arising from injudicious use
of Mercury, exposures and imprudences in lift,
Scrofule, Kings' Evil, White Swelling, diseases
of the liver and skin, constitutional weakness,
chronic and a recoust distribution of weakness,
chronic and a recoust useful spring and full purifier of the blood. The rapidity with which
this article has sold, and the very flattering recommendations it has received, are evidences
of its superior efficacy. The subjuined are as of its superior efficiey. The subjoined are a-mong the communications in the hands of the proprietor:

In calling attention to the medical virtues of this estebrated plant, I would advert to the fact

this calcurated plant, I would advert to the fact familiar with every physician, that a numerous class of discases arise from that impure state of the blood, which this active remedial agent is so efficacious in purifying. The great importance attached by mancal practitioners to the properties of the Sursaperilla has engaged the attention of chemists, as to the mode of proparation in which its virtues can be most advantageously combined. Their experiments have resulted in the discovery that the Chemical Compound Fluid Expract is decidedly superior to any other form Extract is decidedly superior to any other form in which it can be used. Since the introduction of the Fluid Extract, it has grown into rapid and extrasive us, and its r putation is const.ntly increasing. We consider it one of the most valuable articles in the M teris Medica, and find a mable articles in the M teris M slice, and find a material adventige in the standard preparation of uniform strength which is obtained by the Fluid Extrect. Its superiority over the D coctions and Syrues sometimes made use of, is strikingly apparent. It obvious the new saity of preparing fresh elections every day; and does not surfit and insents the stomach with the large proportion of ugar which her to be taken with each one of the

Extract of Serseparilla.

It cannot but express my highest sense of gratification in the result this excellent properation has hed in the cars of Catanoous Discusses. In every case which has come under my practice, it has hed the most complete success. Not onseven the most obstinate and long standing—but has revived a permanent cure from this very excellent compound. In a section of country like this, where the principal discusses arise from a vicinited state of the blood, I think the introduction of war properation will be of the most eminent. of your preparation will be of the most eminent

I consider it the neatest preparation of sursa-parilla I have ever mot with, and as such I un-healtatingly give it my surn set accommendation. Truly yours, &c. T. P. WHIPPLE, M. D. For sale by C. C. BRISTOL, sale proprietor, 207 Main streat, Buff.lo. Price 75 cents per hottle.

by it which has to be taken with each cos of the syrup, and which randers it incapable of holding much of the pure extractive matter in solution.—
One bottle of the Fluid Extract is fully equal to a gallon of the syrup, or the decetion, as usually inform the machine and prices, and they would inform the machine and shoed at rethrough. To virtues of this valuable medicine cannot be too extensively known, as there is scarcely an irdividual who would not be be medited by its use. The uniform testimony of medical men in its favor, and the great success which has attended its introfuction, both in hospitals and private practice, is a convincing proof of its value, and of its superiority over other proper tions of the Sarsaparille.
